Welcome to the Information Technology Institute

Today, you join a legacy built by thousands of exceptional minds. These are individuals who stepped through our doors with a raw passion for technology and left as industry pioneers, global innovators, and leaders shaping digital landscapes. Today, that story becomes your story. The path ahead will demand your absolute focus, your curiosity, and your determination. You will be pushed to think deeply, experiment boldly, and build solutions that don't just solve code, but elevate communities and transform the lives of millions.

Now, the torch is passed to you. Challenge your thinking. Push your capabilities. Bring your unique passion and your resilience to the table every single day.

We vow to make your time here a transformative launchpad for a brilliant career. Work hard, dream big, and always remember—ITI will be your home, long after you graduate.

Welcome on board. Let's leave an impact together.

Best Wishes,

Dr. Heba Saleh, ITI Chairwoman

This handbook is your guide to a successful journey at ITI. It clarifies our programs, policies, and the resources available to you. This handbook is an integral part of the contract between you and ITI, so please read it carefully.

ITI AT A GLANCE

Empowering Egypt's youth since 1993 through world-class ICT training, innovation, and inclusive access to opportunity.

The Information Technology Institute (ITI) is Egypt's premier hub for ICT capacity building, operating under the Ministry of Communications and Information Technology (MCIT). With 22 branches and training centers nationwide, ITI has empowered tens of thousands of young professionals since 1993 through cutting-edge programs in software development, data science, design, AI, cybersecurity, animation, and more. ITI's mission is to bridge the gap between education and employment by offering intensive, hands-on training aligned with global market demands. Through partnerships, innovation labs, and outreach efforts, ITI continues to expand access to quality training and digital careers across Egypt.

MISSION

A leading reference in preparing a strong and wide base of professionals in information and communication technology sector

ITI CORE VALUES

PROFESSIONALISM

We uphold the highest standards in behavior, work ethic, and accountability, empowering our students to meet real-world challenges with confidence and integrity.

ELATION

We cultivate an energetic and uplifting environment where joy, creativity, and meaningful work intersect to fuel personal and collective achievement.

OPENNESS

We foster a culture of inclusivity and transparency, encouraging the free exchange of diverse ideas and collaboration across boundaries.

PASSION

We are driven by an unrelenting curiosity and dedication to continuous learning, innovation, and meaningful impact.

LOYALTY

We are loyal to our community, our country, & our mission of empowering youth and expanding opportunities for all.

EXTRA MILE

We are not satisfied with the bare minimum—we strive to exceed expectations and deliver excellence in all that we do.

People Develop Countries...
We Develop **P.E.O.P.L.E**

ITI BRANCHES

The Institute operates through 22 branches catering for the Great Cairo, the North Coast, Delta, Upper Egypt, and Suez Canal & Sinai. And it extended to more branches.

The Institute's geographical expansion includes also the affiliation of training centers in 26 of Egypt's governorates, enabling the outreach of its massive capacity building and industry

ITI TRAINING PROGRAMS OVERVIEW

PROFESSIONAL TRAINING PROGRAM

A full-time, 9-Month government-funded scholarship program designed to prepare talented Egyptian university graduates for high-demand jobs in Egypt and abroad.

KEY FEATURES:

- Starts every October
- Over 30 specialized tracks tailored to ICT market needs
- Strong partnerships with industry leaders
- Employment rate over 85%
- Only 10% of applicants are accepted after a rigorous selection process

ELIGIBILITY:

- Egyptian nationals with a Bachelor's degree
- Graduated within the last 5 academic years
- Full-time commitment required
- Male applicants must have completed, postponed, or been exempted from military service

INTENSIVE CODE CAMP (ICC)

A shorter, highly-focused training program offering tracks that match market demands in tech and digital industries.

KEY FEATURES:

- Runs twice every year.
- 4~6 Months, full-time immersive training format
- Over 40 specialized tracks tailored to ICT market needs
- Strong focus on market-relevant technologies

ELIGIBILITY:

- Egyptian graduates with a Bachelor's degree
- Graduated within the last 10 academic years
- Full-time commitment required
- Male applicants must have completed, postponed, or been exempted from military service

GUIDELINES AND RULES

This section outlines the required documents and important notes to help you prepare for the program.

REQUIRED DOCUMENTS

All documents must be submitted **no later than the official program start date.**

- Original Academic Certificate
(**Must include your cumulative grade and graduation year**)
- Copy of Birth Certificate
- Original Military Status Certificate (Males only)
- Updated Copy of National ID Card
- Original Criminal Record Certificate

IMPORTANT NOTES FOR NEW STUDENTS

- You must have a personal laptop that meets the minimum specs (track-specific – to be announced by your supervisor)
- ITI does not provide accommodation or housing allowances
- The programs are full-time; part-time commitments are not permitted

CODE OF CONDUCT & DRESS CODE

All students are expected to maintain a respectful, responsible, and professional demeanor at all times. The following principles apply to both online and onsite settings:

CONDUCT PRINCIPLES

- Show respect for instructors, staff, fellow students, and all ITI personnel.
- Maintain the integrity of facilities, equipment, and shared learning environments.
- Participate actively in lectures, discussions, and team activities.
- Follow ITI policies regarding academic honesty and constructive feedback.
- The institute maintains a zero-tolerance policy for misbehavior and abusive or offensive language.
- Disciplinary action may be taken for any behavior that disrupts the learning environment or tarnishes our values.

DRESS CODE

Students must present themselves in a manner appropriate for a professional training environment. **This applies during both in-person attendance and online sessions:**

- Wear clean, modest, and tidy attire at all times.
- Closed-toed shoes are mandatory onsite.
- Avoid shorts, ripped jeans, slippers, flip-flops, or beachwear.
- Skirts must be at or below the knee.
- Hair should be neat and grooming should align with Egyptian workplace norms.
- Face coverings (such as niqabs, masks, or caps) must be removed during exams, assessments, or identification processes for security purposes.

Note: If a student's attire is deemed inappropriate, Student Affairs reserves the right to **issue a verbal or written warning** and require a change of dress.

PROHIBITIONS

The following actions are strictly forbidden and may result in immediate disciplinary procedures:

- Smoking anywhere on campus (including restrooms and open spaces).
- Eating or drinking inside computer labs, classrooms, or near electronic equipment.
- Using mobile phones during lectures or exams without permission.
- Engaging in political, religious, or commercial activities on ITI premises.

Upholding the ITI code of conduct contributes to a safe, inclusive, and effective learning environment for all.

**“People Develop Countries...
We Develop **P.E.O.P.L.E.**”**

SCHEDULE & LEARNING FORMAT

Understanding the rhythm of each week and the rules surrounding attendance is essential for making the most of your time at ITI.

PROGRAM DURATION

9-Month (Professional) or 4~6 months (Intensive), with a structured academic calendar announced at the start of the intake.

BLENDED LEARNING

A hybrid structure combining onsite and online learning. Students typically attend one to three sessions per day, starting at 9 AM, each session is around three hours. Fully offline weeks may occur depending on training requirements. Fridays are generally off unless otherwise communicated. Sessions are conducted using online platforms and the ITI Digital Learning Portal maharatech.gov.eg.

ATTENDANCE & PARTICIPATION

All students begin with a total of **240** attendance points. To successfully complete the program, they must maintain a minimum of 150 points to avoid the **first warning**. Dropping to 50 points results in a **second warning**, and reaching **zero points leads to dismissal**. Points are deducted based on absence type and frequency. Excused absences must be supported with documentation submitted within one working day to Student Affairs in order to be accepted. The following table outlines the deduction scheme:

Occurrence Type	First Time	Next 3 Occurrences	Following 3 Occurrences	Occurrences After That
Late / Absence with Permission	NOT COUNTED	-5	-10	-15
Absence without Permission	-25	-25	-25	-25

ASSESSMENT & GRADING

Understanding how your performance is assessed is the key to your success at ITI. This section outlines how assignments, exams, and overall progress are evaluated throughout the program.

COURSE OUTLINE

Your course syllabus, which explains learning goals, how you'll be graded, and all key deadlines, will be available online.

ASSIGNMENTS

All assignments must follow provided instructions. Late submissions are penalized with a 5-point deduction per day unless an extension is granted in advance.

EXAMS

A minimum of 60% is required to pass any course. Some tracks may use cumulative assessments. Late arrival up to 20% of exam time is allowed with penalty; more than that, the student loses the right to take the exam. One corrective exam may be granted at the discretion of the Academic Supervisor.

CORRECTIVE EXAMS

Only one opportunity is granted for a corrective exam per subject, subject to Academic Affairs approval. Failing the corrective exam results in course failure.

PROGRESS REVIEW

Students who fail two courses during the program will be dismissed. Continued poor performance or failure to meet project milestones may trigger additional academic review.

ACADEMIC INTEGRITY

Students must submit their own work and cite all sources. Plagiarism or cheating leads to a score of zero, exam dismissal, and possible disciplinary action. Misuse of AI, sharing answers, or unapproved collaboration is also prohibited. When in doubt, ask your instructor.

DISMISSAL & WITHDRAWAL

While ITI supports every student's success, certain academic or behavioral violations may result in dismissal or voluntary withdrawal. This section explains the conditions and procedures for both.

DISMISSAL

A student may be dismissed from the program for any of the following reasons:

- Accumulating two course failures.
- Reaching zero attendance points due to absences or tardiness.
- Repeated misconduct, behavioral violations, or non-compliance with the ITI Code of Conduct.
- Failure to meet project deadlines or continuous poor performance.
- Academic dishonesty, including confirmed plagiarism or cheating.

Dismissal letters are issued formally and reported to the student's file. In some cases, students may appeal with supporting documentation.

WITHDRAWAL

Before the program starts:

- Students may formally withdraw by notifying the Student Affairs Office.

After the program starts:

- Withdrawal requires settling contractual obligations, including equipment return and financial dues. Exceptional cases (medical or family-related) must be supported with valid documentation and are reviewed on a case-by-case basis.

SUPPORT SERVICES & FACILITIES

To support your learning and productivity, ITI provides a range of digital tools, lab resources, and technical assistance to ensure a smooth training experience.

COMPUTER LABS & EQUIPMENT

Labs are equipped with licensed software and antivirus protection. Students must keep workstations clean. Equipment may be borrowed when available and should be reported immediately if damaged.

LIBRARY ACCESS

Offers both digital and printed resources. A valid student ID is required for entry.

TECHNICAL SUPPORT

TSU assists with any technical problems involving ITI equipment or platforms. Prompt reporting is encouraged. Room 3014.

VOICE-OUT UNIT

The Voice-Out Unit offers students a safe, neutral channel to share personal or academic concerns. Whether related to course content, instructor behavior, or general well-being, students can submit concerns confidentially and expect a structured response. The unit operates independently from academic assessment and works closely with Student Affairs to ensure fairness, confidentiality, and resolution. Room 3016.

TRANSCRIPTS & RECORDS

- Each graduate receives one official transcript upon program completion. Additional copies are available upon request for a fee.
- All transcript requests must be made in person or via official email to the Student Affairs Office. Requests by phone or fax are not accepted.
- Transcripts issued to third parties (such as employers or embassies) require a signed authorization letter from the student.
- Processing time for transcripts may take up to five working days.
- ITI does not issue unofficial transcripts or academic records through informal channels.
